- In order to minimize crowding in classrooms, we sincerely request that only one parent from each family attend a classroom presentation at a time. If you have two children, it's acceptable to have one parent visit one teacher while the other parent visits the other, and then switch classrooms for the second session.
- Session 1 is slightly longer than Session 2 so teachers can show a video from the USRPTO & USREF. The teachers' presentation in each session is identical, so there is no need for any parent to attend twice.
- Please visit the USRPTO & USREF tables in our new library!
- Teachers' room numbers/locations are listed on reverse side next to their name.
- Per the current mandate, masks are required at all times in the building.
