Parents/Guardians,

We hope you have had some time to print/review your child's schedule in preparation for tomorrow's Back-to School Night. Please also review the attached Zoom directories, which will facilitate your access to each session. As a reminder, we will be following the students' typical eight period day using the time schedule provided (*attached*). It is highly recommended that you review all of the Back-to-School information prior to the start time so you can efficiently visit each session.

The evening begins at 6:45 pm with a welcome address and all 1st period classes begin at 7:05 pm.
