Greetings parents,

Over the last few months, we have all experienced some unprecedented times. For many of us, that includes wearing face masks, social distancing, sanitizing groceries, frequent hand washing, working remotely, becoming our child's teacher, and learning what a zoom meeting was. While the world was changing, we saw our business coming to a grinding halt, like many other industries throughout the country. As we begin to try and return to some normalcy, we are reviewing every aspect of our business. We are also left with many questions:

- Will buses need to be disinfected?
- How does one social distance on a school bus?
- With many school bus drivers being retiree's and part of a vulnerable group, will there be a driver
- How many children are allowed on a school bus?
- Will temperature checks be needed for students?

These are just a handful of the concerns we are having, and we know there are more to come. Unfortunately, due to the uncertainty and unknowns, we have made the difficult decision of suspending the parent pay bus for the coming school year. This decision has not been easy for us, as we have served your community, with the parent pay bus, for so many years.

We want to thank you all for your continued support through the years and wish everyone well through these difficult times. We look forward to serving your community again in the future.

Sincerely,

Scholastic Bus Management
